

WE ASSIST THE CLAIMANTS OR DEFENDANTS

VZA is a group of engineering, construction and legal professionals providing contractual and construction dispute resolution services to firms in the private and public sector.

If disputes are to elevate to the stage where an adjudicator, mediator or arbitrator is needed, VZA Group assists the Claimants or Defendants in the evaluation as well as the preparation of the statement of the claim or defence, management of proceedings or Theunis van Zyl may act as adjudicator, mediator or arbitrator.

Our main goal is to assist our clients or parties with whom we have no conflict of interest during arbitration, adjudication, dispute and mediation proceedings, not to get the case closed, but also get the best outcome for all parties concerned.
